200 North Spring Street, Room 361, Mail Stop 464  
Los Angeles, CA 90012-4801  
Phone: 213-978-1020

Subject: Request for copies of as-built drawings that show the diameter and material of water and sewage pipes as connected to the City of Los Angeles, esp. circa 1976-1990 which were installed by specific contractors

To Whom It May Concern,

We are investigators representing our attorney clients in a civil litigation matter (Ellen Hawkins v. Special Electric, et al. – Riverside County Superior Court Case # ICR 1501112).

We are seeking drawings and/or documents that identify the materials and diameters of water and sewage pipes serving the City of Los Angeles, specifically those installed by the entities listed below:

- S&W Pipeline, Inc. AKA Sares & Wren Pipeline
- Sares Pipeline Construction Co., Inc., AKA Sares Manufacturing, Inc. AKA Sares, Inc.
- Delbert J. Sare & William Wren Partners

We are especially interested in drawings which may depict water and/or sewer lines, especially those made of Asbestos Cement (ACP) which were installed circa 1976-1990, or near that time period.

Thank you for your attention to this matter. Please feel free to contact the undersigned for clarification.

Regards,  
PL&E Investigations
